

Community Visioning

Purpose

To bring the peoples of Chignik Bay, Chignik Lagoon, Chignik Lake, Perryville, Pilot Point, Port Heiden, Ugashik, Egegik and Ivanoff Bay together to talk about shared values, and environmental and economic concerns and how they want work together to shape the future of their communities and area.

Objectives

- Identify the shared values that define the way of life in these communities.
- Identify concerns and challenges that individual communities and the area as a whole face in the next 1-3 years.
- Identify current and future projects planned for the area and the environmental and economic impacts of those projects on lifestyle and community values.
- Identify existing resources and infrastructure that can be utilized in an area planning process.
- Determine a way to continue regular communication and collaborative problem solving among the communities of the area.
